

A photograph of a conference room is pinned to a dark, textured wall with an orange pushpin. The photograph shows a dark conference table with two black chairs. The wall behind the table is covered in dark acoustic panels with horizontal white lines. The text "A world of acoustics..." is printed on the white background of the photograph.

*A world of acoustics...*

## AKUFORM products

**AKUWALL** office screens with excellent acoustic performance. High quality aluminum and efficient acoustic absorbers are used.

### **All products are designed and manufactured in Denmark.**

The design is classic, timeless and exclusive. Nevertheless the various products are affordable and therefore competitive

### **The product line.**

The **AKUWALL** product line is designed as freestanding units or can be linked together in all possible configurations to provide privacy and acoustical separation. Glass can be incorporated to give visibility where needed – in the screens or between the screens.

The **AKUDESK** is designed to reduce noise between office desks. The screen is designed to be mounted on the back of your desk. The height of the screen is adjustable to your need.

The **AKUBOARD** is an efficient wall absorber.

### **High or low.**

The units are manufactured in different sizes. See the assortment below:
